Savoy Hotel

In Miami Beach, the beloved Deco gem, The Savoy Hotel has been a bastion of glamour and personalized service since it opened in 1935. Now, the legendary hotel is ready to welcome its valued guests after a multi-million-dollar refresh.

The all-suite resort has been renovated by boutique interior design firm Modplay Studio, who gave the 31 spacious suites a cheerful elegance with embellished vintage lamps, banana leaf-print wallpaper, rich velvet furnishings, brass finishes and eclectic artwork throughout.
